Business Opportunity (3):

SL: How does this even work?

PV: N/A

Hey {first_name},

I want you to understand my actual approach to ecommerce considering the fact that you've registered for the free live masterclass.

I'll make it simple for you...

Most people launch rinse and repeat stores that leave them with thin margins, revolving door customers, and a total reliance on virality.

I've flipped the script by prioritizing retention above all else in order to maximize margins, prevent having to restart all the time, and help create enterprise value.

It's all about shifting from always trying to make a quick buck to actually running legitimate brands.

The free live masterclass will show you how to build and scale seven-figure brands using *the retention method*.

See you there.

Narrative (4):

SL: Chipotle to seven figures

PV: N/A

Hey {first_name},

It was just a few years ago that I had \$30 in my bank account and \$8,000 worth of credit card debt while working at Chipotle with multiple failed stores.

Everything changed for me when I stopped always trying to make a quick buck and started running legitimate brands.

My first sign of success from it was making a few thousand dollars off a single product that got a 5X ROAS on its first day.

It allowed me to become an ecommerce millionaire and have two separate brands with over \$3,000,000 in sales each.

I'll be explaining how you can do the exact same thing on the *12th of July*.

The ninety minutes that you spend on that [free live masterclass](#) could genuinely change the trajectory of your life.

See you there.

Future Pacing (5):

SL: This makes all the difference

PV: N/A

Hey {first_name},

Just picture waking up on a normal Tuesday and checking your phone to see notifications of overnight sales from existing customers.

You spend an hour or two working on new ad creatives and conducting some split tests, then take the rest of the day for yourself.

This is literally the life that prioritizing retention has created for me...

The difference between that and where you're stuck right now is simply the approach that you're taking to ecommerce.

I'm giving you an opportunity to follow my path on the *12th of July*.

See you there.

Sneak Peek (6):

SL: I'll let you in on a little secret

PV: N/A

Hey {first_name},

Everybody's been asking what I'm going to cover on the free live masterclass.

Here's a sneak peek into the three pillars...

The first pillar is how to select repeat-purchase products in high-performing niches.

I'll show you how to spot the ones that customers come back for over and over again in order to maximize margins.

The second pillar is how to build your brand for longevity.

I'll walk you through setting things up in a way that helps create enterprise value.

The third pillar is how to scale your brand with an organic and paid hybrid.

I'll explain how to combine the two so that you don't have to restart all the time.

You will ultimately be learning how to build and scale seven-figure brands using *the retention method*.

The cherry on top will be a Q&A for the ones that stay until the end.

See you there.

- Nathan

Objection Handling (7):

SL: Your prayers have been answered

PV: N/A

Hey {first_name},

I'm getting a lot of questions about the [free live masterclass](#).

Let me handle some of the big ones...

You might think that you need to be running legitimate brands already.

This is designed for people who are pivoting away from launching rinse and repeat stores.

You might feel like you've already tried all of this.

I've done my very best to only cover things that aren't already old news.

You might assume that this is going to require a much larger budget.

I literally started out with \$30 in my bank account and \$8,000 worth of credit card debt.

You might be suspicious that this is too good to be true.

I can definitely respect that, but I'm willing and able to show you real brands, real numbers, and real people.

You might be wondering whether or not I'm just doing this to pitch you on something.

I'll only explain at the end how to work with me for the people who already want my help.

I can guarantee that you'll walk away with more than you had to begin with either way.

See you there.

Addressing (8):

SL: Why am I making this free of charge?

PV: N/A

Hey {first_name},

I'm just going to be straight with you because I get asked this all the time.

I do very well with ecommerce, but the free live masterclass is still free of charge.

All of my brands are practically running on autopilot at this point, so I have the choice between sitting around or continuing with what I love, which is helping others.

The people who get results inside of it become case studies that allow me to grow even further at the end of the day.

See you there.

- Nathan

Morning (9):

SL: It's game time

PV: N/A

Hey {first_name},

The day has finally arrived.

I'll be going live at *7:00 PM EST*.

Here's what I'll be covering tonight...

- How to select repeat-purchase products in high-performing niches.
- How to build your brand for longevity.
- How to scale your brand with an organic and paid hybrid.

I'll do a Q&A for everybody that stays until the end.

I've simplified everything so that you're ready to go within the span of ninety minutes.

Would building and scaling seven-figure brands using *the retention method* be worth that?

- Nathan

P.S. Join from your laptop in a quiet room for the best experience.

One Hour (10):

SL: One hour left

PV: N/A

Hey {first_name},

Someone in your position is about to learn how to build and scale seven-figure brands using *the retention method*.

They won't be any more competent or capable than you.

The only difference is that they decided to show up to the free live masterclass.

I'll be going live in just sixty minutes and walking through everything with you.

There will also be a Q&A going down towards the end.

I hope you know that there won't be another chance to catch this.

Most of the people that registered for it won't even show up.

They've told themselves that they can check it out another time, but they really can't, so don't be one of them.

See you soon.
