

Immediate (1):

SL: Here's the replay

PV: N/A

Hey {first_name},

It looks like you couldn't make it to the free live masterclass.

I'll get you right with the replay though: [LINK]

This won't be up forever so give it a watch while you still can.

Let me know what you think.

- Nathan

Morning (2):

SL: I'm giving you another chance

PV: N/A

Hey {first_name},

Let me summarize the free live masterclass for you real quick...

Most people launch rinse and repeat stores that leave them with thin margins, revolving door customers, and a total reliance on virality.

My whole approach is built around prioritizing retention in order to maximize margins, prevent having to restart all the time, and help create enterprise value.

I've covered absolutely everything that you need to build and scale seven-figure brands using *the retention method*.

I'm only keeping the replay up for a little longer.

Here's the link: [LINK]

Let me know what you think.

- Nathan

Action Item (3):

SL: What is the next step?

PV: N/A

Hey {first_name},

You should understand how my approach works now from the [free live masterclass](#).

The next step is actually pretty straightforward from here...

You schedule a discovery call with my team.

We will use that in order to figure out whether or not you're a good fit for *Scale Theory*.

If everything makes sense, then we will figure out what it would look like.

You can get started with that right here: [LINK]

I'm looking forward to it.

- Nathan

Outskirts (4):

SL: Are you still on the fence?

PV: N/A

Hey {first_name},

Let me take some of the pressure off in case you're still on the fence about this...

You don't need to throw away what you've already been doing.

Everything that you've done so far will simply become the foundation that we build on.

You don't need to get lucky for any of this to work.

The whole point is that it's a consistent and predictable system.

You don't need to figure this all out on your own.

I like to think of myself as a player and a coach, so I'll be with you the entire way.

This discovery call is just a conversation with you and my team, so that we can determine whether or not it's a good fit, and hook you up with the right game plan.

You can begin the scheduling process right here: [APPLY LINK]

I'm looking forward to it.

- Nathan

Last Chance (5):

SL: The replay has disappeared

PV: N/A

Hey {first_name},

Just a quick heads up that the replay for the free live masterclass is being taken down soon.

I would definitely recommend checking it out: [LINK]

You must remember that I can only work with so many people at a time.

The spots are filling up as more and more people wake up to this opportunity.

You can schedule a discovery call here if you want in as soon as possible: [LINK]

I'm looking forward to it.

- Nathan
