

Confirmation (1):

SL: Your discovery call has been scheduled

PV: N/A

Hey {first_name},

You have officially scheduled your discovery call with the *Scale Theory* team.

Here's what to expect...

We'll go through where you are right now, where you're trying to go, and whether or not *Scale Theory* can help you do that.

You can feel free to bring as many questions as possible and make sure that you take it in a quiet room on your laptop with a solid chunk of time.

I'll send over a couple of things beforehand to make this as valuable as possible.

Speak soon.

Conviction (2):

SL: What's it like working with us?

PV: N/A

Hey {first_name},

I want you to get an idea of what it's like working with us before our discovery call...

- You get course content that walks you through absolutely everything.
- We do this with you through one-on-one access and coaching calls.
- You become part of a community and get to join group coaching calls.
- My team is there to support you with any issues that come up.
- You get access to all of my tools and frameworks.

There are tons of other bonuses that I'm not even mentioning right now.

The discovery call will give us a chance to go through all of this in much more depth: [LINK]

Objection Handling (3):

SL: You're wondering if this is worth it or not

PV: N/A

Hey {first_name},

I don't blame you for wondering if this is worth it or not.

The bad news is that making a big change in your life feels very scary.

The good news is that your success lies on the other side of that fear.

There's absolutely no reason why you won't be able to build and scale seven-figure brands using *the retention method*.

I'll keep working with you free of charge if you haven't got it working by the end of our timeframe.

The only risk is remaining stuck exactly where you are right now.

We'll figure out the exact details on our discovery call anyway: [LINK]

Expectations (4):

SL: What can I expect?

PV: N/A

Hey {first_name},

I want to set some honest expectations with you before our discovery call...

Running legitimate brands will pay dividends for a lifetime.

It's still going to take some effort and consistency in order to get there though.

The ones that perform the best treat this like the top priority in their lifestyle.

We can only build you a realistic game plan on the discovery call if you know this: [LINK]

One Day (5):

SL: Quick note

PV: N/A

Hey {first_name},

Just wanted to let you know about something before our discovery call...

I'm only able to work with so many people at a time.

There are more and more of them waking up to this opportunity as we speak, so it's really in your best interest to get started while you still can.

Speak soon.

P.S. Here's everything that you need for it: [LINK]
